

The image features a minimalist design with several thin, light green lines of varying lengths and orientations scattered across the white background. These lines create a sense of movement and structure. In the center, the lowercase letters 'mbmc' are displayed in a dark grey, sans-serif font. Below the letters, the phrase 'delivering quality' is written in a smaller, dark grey, serif font. The overall aesthetic is clean and modern.

mbmc

delivering quality

INTRODUCTION

delivering quality

through traditional values

mbmc provides building, maintenance, renovation and fit-out services to both the public and private sectors for a huge range of building types.

mbmc is unlike most construction management companies because we marry the traditional values of quality workmanship, value for money and customer satisfaction with the modern methods and processes of the construction industry.

We are able to draw on over 50 years' experience in the business to deliver on time and within budget. We build on this knowledge through continuous improvement and investment in our business and people to deliver exceptional projects to our customers – every time.

Our dedicated in-house team of qualified personnel is rightly proud of outstanding long-term relationships with both customers and project partners; our focus is to provide excellence and deliver quality through traditional values.

forward thinking

and continuous improvement

Our expertise exceeds the requirements of the modern construction industry, which means our customers get outstanding projects and excellent service.

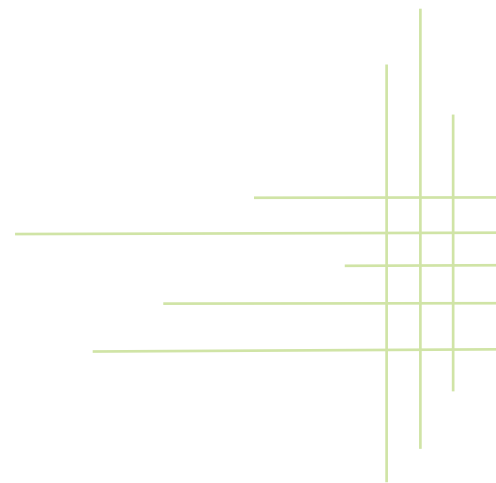

Our forward thinking and commitment to continuous improvement means we take health and safety very seriously. We are accredited to the Construction Health and Safety Assessment Scheme (CHAS) while our experienced health & safety professional implements internal risk and quality management procedures ensuring our customers meet the Construction (Design and Management) Regulations 2007.

We develop sustainable buildings by collaborating with project teams from the planning stage through to on site construction. mbmc promotes Best Practice Methods of Construction on every project we undertake while using the broadest selection of innovative products and the highest quality finishes.

We are dedicated to the Government's construction commitments for sustainable construction, which includes ethical sourcing while achieving the best possible solution for buildability, environmental performance and sustainable development.

We value our people through quality recruitment and retention of staff and we engage the local community in construction projects. We strive to achieve exceptional quality in every project we undertake by utilising the best modern construction methods to ensure the needs of all stakeholders are met.

Maintaining successful working relationships with our customers and project partners is important to us. In order to meet and exceed our customers' expectations, we have implemented a quality assurance procedure that includes key performance indicators (KPI) and performance monitoring so that we not only meet our targets but also continuously improve our services.

accreditations

- Membership of National Federation of Builders
- Constructionline
- CHAS Certification

OUR EXPERTISE

traditional workmanship

with modern building methods

Our traditional values of quality workmanship and our deployment of modern methodologies have enabled us to win many prestigious projects over the last 50 years in retail, the commercial sector, leisure and the arts, including:

retail

Booths Supermarket, Garstang, Lancashire

New build and fit-out of a £12m supermarket, restaurant, retail units and offices for E H Booths Ltd.

Booths Supermarket, Lytham, Lancashire

New build and fit-out of a £9.5m supermarket, restaurant and retail outlet for E H Booth Ltd.

Booths Supermarket, Ripon, North Yorkshire

Fit-out of a £4m supermarket and restaurant for E H Booths Ltd.

arts

The Fylde Gallery Lytham, Lancashire

Integrated space within Booths (Lytham), which displays classic paintings by local artist Richard Ansdell.

Lytham Arts Society Lytham, Lancashire

New £750K purpose built art studio for Lytham Arts Society.

commercial

Office Redevelopment, Garstang, Lancashire

Build and fit-out of office development for E H Booths Ltd.

Tourist Information Centre, Garstang, Lancashire

£88k new build shell of a tourist information centre in Garstang; part of Booths' retail redevelopment.

OUR PEOPLE

outstanding rapport

‘our people are our most important asset’

As a family business, mbmc puts our people at the heart of our operations, which is why we continuously invest in training and development. The outstanding rapport we have with our people helped us become one of the first construction companies in the North West to meet the Learning Skills Council's Skills Pledge. We are currently working towards the Investors in People accreditation and ISO 9001.

OUR COMMITMENT

exceeding expectations

Our commitments to our customers and project partners are to

- provide quality workmanship, value for money and customer satisfaction
- deliver quality projects on time and within budget
- provide exceptional customer service
- promote best practice methods of construction and sustainable development
- continuously support and invest in our people and the local community
